PROFESSIONAL SUMMARY

I developed my coding skills because I am hardworking person and committed to my work every single time as I am doing it. My success comes through the willingness that I have in committing myself to every task that I do. My key strengths include:
- I can successfully design and develop Databases(MySQL), Commercial Systems(VB.NET) and Web Applications (PHP, LARAVEL FRAMEWORK, JS)
- Ability to grasp new technology and implementing it to achieve a goal.
- I am detail-oriented and I can visualize how code will translate into finished application.
- I am able read, interpret and eventually debug vb.net and PHP|laravel codes.
- Little skills in C#

SKILLS

- .Net development
- PHP|Laravel development
- Web Design (HTML|CSS|JS, UX)
- Advanced knowledge in VB.NET
- Advanced knowledge of PHP

WORK HISTORY

SOFTWARE DEVELOPER   *09/2017 to CURRENT*
Nariphon Technologies LTD | Nairobi, Kenya
- Worked as a Junior Software Developer at Nariphon Technologies LTD. I gained experience both in software engineering concepts and database design. I was able to participate in some systems like POS, School System and some Hospital System Modules.
- I was also assigned to design and develop a complete Coffee Farmers Management System which was used in certain company.
- I have also developed Web Application (E-Counseling) for my school (Chuka University) using PHP & LARAVEL, which is aimed at counseling the students through live chat and blogs.

EDUCATION

Bachelor of Science | Computer Science And Programming   *EXPECTED IN 11/2021*
CHUKA UNIVERSITY, KENYA
